## Education

---

**Université de M'sila, Faculté de Mathématiques et d'Informatique** **Sep 2021 – June 2023**  
*Admitted through National Competition for Second Cycle 2023, Higher School of Computer Science* *M'sila*

**Higher School of Computer Science 08 May 1945** **Sep. 2023 – Expected June 2026**  
*Master's degree in Computer Science* *Sidi Bel Abbès*

## Projects

---

**Gym Exercises Website** | *React, Mui, Rapidapi, axios* **June 2023**

- Developed a gym exercises website using React and Material-UI for a modern and responsive user interface.
- Integrated RapidAPI to fetch and display a wide range of exercise data.
- Designed and implemented an interactive and user-friendly interface with Material-UI components.
- Added search and filter functionalities to easily find and view specific exercises.

**Hotel Website** | *React, Mui* **Aug 2023**

- Built a responsive hotel website with a modern design using React and Material-UI components.
- Developed key pages: Home, About, Rooms, Contact us

**E-Learning Platform** | *React, Mui, axios, Django* **May 2024**

- Participated in the front-end development of this project multidisciplinary.
- Used Axios to handle HTTP requests and manage data fetching for various actions, including retrieving courses, user profiles (students and professors), adding new courses, submitting assignments, etc.
- Designed and implemented an efficient interface with Material-UI components.

**Mini-Projet Réseau** | *Packet Tracer* **May 2024**

- Configurations de VLAN, DHCP services , NAT statique et PAT, VPN IPSEC
- Hébergement d'une page web simple dans S-WEB

**AgriGearStore E-commerce website** | *React, Tailwind, Figma* **Jul 2024**

- Designed a visually compelling interface in Figma, ensuring a cohesive and attractive user experience.
- Developed distinct interfaces for different user types.
- Utilized Tailwind CSS to design and implement visually consistent interfaces

## Technical Skills

---

**Modeling**(UML) , **Plannig**(GANTT)

**Network Skills:** network configuration, routing (static & dynamic), and various network protocols and services.

**Languages:** Java, C, HTML/CSS, JavaScript, SQL, XML

**Tools:** VS Code, Git, GitHub, Packet Tracer

**Design Tools:** Figma, Adobe Illustrator , Adobe after effects

**Technologies/Frameworks:** React, Material-UI, Tailwind CSS, Node, Express

**OOP ,Rest API**

## Soft Skills

---

**Teamwork**

**Problem Solving**

**Work Under Pressure**
